

AFRC CHAMPIONSHIP 2023

SILVERSTONE NATIONAL

29 APR 23

PRE-EVENT BULLETIN

Thank you for joining the first event of the Armed Forces Race Challenge Championship 2023. This bulletin serves the purpose of event specific information relative to our competition.

The event final instructions can be found on 750 Motor Club website [HERE](#).

Drivers are to ensure they've signed on prior to the meeting, details in Sect7 of Finals.

Stickers and Race Numbers will be available for collection in Garage 7a from 1600 on Friday afternoon

Charity

Our charity partner for 2023 is SSAFA. There will be some physical donation pots within hospitality and whilst we're not allowed to charge for anything on the event it would be appreciated if you have any spare change to support our nominated charity. There will also some QR codes printed for online donations from your smartphones.

Paddock / Garages

Please limit paddock access to only essential vehicles. The space allocated behind garages is extremely tight when sharing. It is politely requested to accept support vehicles from those in garages 7a&7b on the opposite side of the fire lane behind other garages as space is limited due to hospitality.

Hospitality

The hospitality awning will be located behind Garages 7a/b, please feel free to make use of the facilities for each entry +3 guests. Drinks are available on an honesty basis and feel free to question anyone you don't recognise.

Each entry will receive 4x food tickets which are for use only by the competitor and their official team personnel, they are not to be shared wider and any unused tickets are requested to be handed back.

Drivers Briefing

The Drivers Briefing is physical and compulsory for all competitors. The briefing location will be in the hospitality awning behind **Garage 7A**, not Garage 0 as indicated in the finals.

Sponsors

We're incredibly lucky to receive support from championship partners and this weekend we'll be joined by Mark Scott, Race To The Finish Ltd who provides our custom made trophies and also Russell Joyce from Joyce Design who is our vinyl and vehicle branding partner.

| Garage | Team | Driver 1 | Driver 2 | Driver 3 | Driver 4 |
|--------|----------------|----------|------------|----------------|----------|
| 3C | Guest | Cook | Lewis | Nash | Topley |
| 4A | RAF | Aprino | Frowen | Ockendon | |
