

Course instructs the Pace Car to switch off its lights and enter the pit lane then the pole position car will assume the role of Pace Car until the gantry lights are switched out. This will signify the start of the race.

Any cars accelerating or holding back before the start may be penalised for being out of position at the start. Whilst on the Pace Lap only, the Clerk of the Course may decide that the formation is not satisfactory and may then abort the start by not extinguishing the gantry lights. The Clerk of the Course will then instruct the Pace Car to do a further lap. If after that lap the Clerk of the Course is still not satisfied, the cars must return to the start line behind the Pace Car which will still have its roof lights on. A decision will then be made as to when to attempt a further re-run of the start. The race duration counts down from the time of the first attempted start. Any aborted starts will therefore reduce race duration.

Pitstops:

After 15 minutes a "PIT OPEN" board will be displayed at the start finish line, this will be shown for three laps.

After this teams will be permitted to make their mandatory stops and driver changes (if required.)

After 75 minutes a "PIT CLOSED" board will be displayed.

ALL TEAMS must make TWO mandatory 60 second pitstops during the pitstop window (see above).

DUE TO THE NUMBER OF ENTRIES ALL CARS MUST PARK AT A 45 DEGREE ANGLE. THIS APPLIES TO ALL PIT STOPS. ONCE A STOP IS COMPLETE THE CAR MUST BE PUSHED BACK BY TEAM MEMBERS (MAXIMUM 4 PEOPLE) EXERCISING AN APPROPRIATE LEVEL OF CAUTION. DURING THE RACE FAILURE TO ADHERE TO THIS WILL RESULT IN A 1 MINUTE STOP & GO PENALTY FOR EACH OFFENCE.

It is not permitted for any car to reverse in the pitlane under its own power. Reversing a car under its own power is considered dangerous and penalties will reflect this. For the avoidance of doubt, if a car is seen with its reversing lights on in the pitlane, it will be deemed to be reversing under its own power and penalties will be applied.

Timing of the stop will commence when the car is stationary. Any car being released before the 60 second duration has elapsed will incur a time penalty equal to the time the pitstop was short multiplied by 2, for example a 50 second pitstop will incur a time penalty of 20 seconds.

Teams taking pitstops outside of the pit window will receive a one lap penalty applied after the race.

Additional stops such as those for minor maintenance etc, need NOT be 60 seconds in duration.

Teams may NOT make EITHER of their two mandatory pitstops under safety car conditions. For the avoidance of doubt the race will be considered to be under safety car conditions once SC boards and flags and/or light panels are displayed around the circuit. Making a mandatory pitstop under

safety car conditions is prohibited and will result in a two-lap penalty (per pitstop) being applied after the race. At the end of a Safety Car period, cars may not follow the Safety Car back into pitlane in order to make a pitstop and must cross the start / finish line on track

Refuelling is PROHIBITED at any point in the race. Engines may remain on during the pitstop.

The pitlane speed limit will be 50 km/h (31mph) - we do have the ability to check pitlane speed. The penalty for excessive speed will be a “stop and go” penalty equal to two seconds per km/h over speed limit

Blend Line:

Competitors are reminded that they may not cross the solid white line (Blend Line) drivers left as they exit the Pit Lane.

Time Penalties:

The following teams must serve an additional success-based time penalty at their first mandatory pitstop:

#173 M. Priestwood + 30secs, #151 P. Keen + 20secs, #111 A. Souza + 10secs
