Scrutineering:

For the 116 Trophy, scrutineering will be done physically in the Scrutineering Bay on Sunday morning at 7.30am. Once a vehicle has passed scrutineering and the drivers equipment (including 2nd and 3rd drivers where applicable) has been checked and passed, the driver will be issued with a sticker that must be placed prominently on the front of the vehicle or the windscreen (for Saloon and GT cars.)

Qualifying (116 Sprint + 120 Coupe Cup):

Qualifying will commence at 9.45am. Session A will set the grid for Race 3, after 10 minutes a chequered flag will be shown, and ALL cars will return to pitlane. Shared cars will then be permitted to change driver in pitlane, with Session B commencing once all cars have returned to pitlane. Solo driven cars are requested to immediately proceed to the pit exit to await release which will be signalled via the green light. Times from Session B will determine the grid for Race 11. **Teams must inform the Race Administration Team which driver is participating in each session prior to 8.30am on Saturday morning.**

Qualifying (116 Trophy):

116 Trophy Qualifying will be at 9.20am on Sunday. This will be a 30-minute session, for teams with multiple drivers, all drivers (including those in three-driver teams) who did not manage three laps in Saturday's sprint races must complete three laps during this session.

Briefing:

There will be a MANDATORY physical drivers briefing for the 116 Trophy race, this will take place in the Scrutineering Bay at the following time:

116 Trophy: 12.30pm SUNDAY

Additionally, please read this Bulletin document carefully and any other relevant briefing notes that are placed on the online event noticeboard at the link below:

RACE PROCEDURES: 116 TROPHY (90 MINUTE RACE)

Race Start:

The race will be a rolling start with a green flag lap (see below.)

Cars will be pre-gridded in the Assembly Area then released to the grid, where there will be a countdown followed by the start of the Pace Lap. Cars should remain in their correct grid positions throughout the lap and avoid unnecessary weaving. At the completion of the Pace Lap, if the Clerk of the Course instructs the Pace Car to switch off its lights and enter the pit lane then the pole position car will assume the role of Pace Car until the gantry lights are switched out. This will signify the start of the race. Any cars accelerating or holding back before the start may be penalised for being out of position at the start. Whilst on the Pace Lap only, the Clerk of the Course may decide that the formation is not satisfactory and may then abort the start by not extinguishing the gantry lights. The Clerk of the Course will then instruct the Pace Car to do a further lap. If after that lap the Clerk of the Course is still not satisfied, the cars must return to the start line behind the Pace Car which will still have its roof lights on. A decision will then be made as to when to attempt a further re-run of the start. The race duration counts down from the time of the first attempted start. Any aborted starts will therefore reduce race duration.

Pitstops:

After 15 minutes a "PIT OPEN" board will be displayed at the start finish line, this will be shown for three laps.

After this teams will be permitted to make their mandatory stops and driver changes (if required.)

After 75 minutes a "PIT CLOSED" board will be displayed.

ALL TEAMS must make TWO mandatory 60 second pitstops during the pitstop window (see above).

DUE TO THE COMPACT NATURE OF THE PITLANE AND THE NUMBER OF ENTRIES ALL CARS MUST PARK AT A 45 DEGREE ANGLE. THIS APPLIES TO ALL PIT STOPS, ONCE A STOP IS COMPLETE THE CAR MUST BE PUSHED BACK BY TEAM MEMBERS EXCERCISING AN APPROPRIATE LEVEL OF CAUTION. DURING THE RACE FAILURE TO ADHERE TO THIS WILL RESULT IN A 1 MINUTE STOP & GO PENALTY FOR EACH OFFENCE.

It is not permitted for any car to reverse in the pitlane under its own power. Reversing a car under its own power is considered dangerous and penalties will reflect this. For the avoidance of doubt, if a car is seen with its reversing lights on in the pitlane, it will be deemed to be reversing under its own power and penalties will be applied. Timing of the stop will commence when the car is stationary. Any car being released before the 60 second duration has elapsed will incur a time penalty equal to the time the pitstop was short multiplied by 2, for example a 50 second pitstop will incur a time penalty of 20 seconds.

Teams taking pitstops outside of the pit window will receive a one lap penalty applied after the race.

Additional stops such as those for minor maintenance etc, need NOT be 60 seconds in duration.

Teams may NOT make EITHER of their two mandatory pitstops under safety car conditions. For the avoidance of doubt the race will be considered to be under safety car conditions once SC boards and flags and/or light panels are displayed around the circuit. Making a mandatory pitstop under safety car conditions is prohibited and will result in a two-lap penalty (per pitstop) being applied after the race.

Refuelling is PROHIBITED at any point in the race. Engines may remain on during the pitstop.

The pitlane speed limit will be 50 km/h (31mph) - we do have the ability to check pitlane speed. The penalty for excessive speed will be a "stop and go" penalty equal to two seconds per km/h over speed limit

Time Penalties:

The following teams must serve an additional success-based time penalty at their first mandatory pitstop:

#555 + 30 secs, #87 + 20 secs, #89 + 10secs.
