#### 11 Circuit Access

#### 11.1 Vehicles in garages

N/A

#### 11.2 All other competitors

You will access the circuit via the Assembly Area.

#### 12 Practice

Qualifying will take place as per the timetable. It is the driver's responsibility to be ready at least 20 minutes before their timetabled session. Drivers should go to the Assembly Area 20 minutes before published times unless otherwise instructed and then when directed by the course marshal they should proceed onto the circuit. If there is adverse weather such as fog in the morning, practice may be conducted behind the safety car with drivers being gridded in order of championship position where applicable.

Double Header Races: Unless championship/series regulations stipulate otherwise, grids for the second race of a Double header event with only one qualifying session will be based on the second fastest qualifying times. For Triple Header Races unless championship/series regulations stipulate otherwise, the grid for the third will be set by the results of Race 2.

#### 13 Race Start Procedure / Grids / Safety Car

All start procedures will be in accordance with the Championship/Series regulations. It is the competitor's responsibility to ensure that they are ready in good time. Under ideal conditions the racing programme may be brought forward by up to 20 minutes. Grids will be formed as per Championship/Series Regulations and the terms of the Circuit Licence.

Where races are set for a time duration, the Chequered flag will be shown to the race leader the first time he passes the Finish Line after the time has elapsed.

#### **Standing Start**

All competitors will be directed onto the grid. The marshals will then direct you to the correct qualification grid position. For races WITH a Green Flag Lap (see timetable) once all drivers are stationary there will be a one minute countdown; 30 second board and then the cars will be flagged away for the green flag lap. Once this lap has been completed and vehicles are stationary, the 5 second board will be shown, the red lights will be displayed and at some time between 2 and 7 seconds the red lights will switch off – signalling the start of the race. For races WITH NO Green Flag Lap after the 30 second board the 5 second board will be shown, the red lights will be displayed and at some time between 2 and 7 seconds the red lights will switch off – signalling the start of the race.

While on a Formation, Pace or Green Flag lap, if you stall or spin off and fall behind all other competing cars, you must remain behind those cars and start the race from the rear of the grid. Once clear of the final corner, approaching the grid area for the race start, practice starts, harsh acceleration and/or wheel spinning, regardless of tyre type is for safety reasons strictly prohibited. Should the completion of a green flag lap be in excess of 4 minutes, then at the discretion of the Clerk of the Course any time in excess of the 4 minutes may be deducted from the race duration.

#### **Rolling Start**

Cars will be pre-gridded in the Assembly Area then released to the grid, where there will be a 1 m / 30 s countdown followed by the start of the Pace Lap behind a Pace Car. Cars should remain in their correct grid positions throughout the lap and avoid unnecessary weaving. At the completion of the Pace Lap, if the Clerk of the Course instructs the Pace Car to switch off its lights and enter the pit lane then the pole position car will assume the role of Pace Car until the gantry lights are switched out. This will signify the start of the race. If weather conditions deteriorate from those in practice there will be two laps behind the Pace Car.

Any cars accelerating or holding back before the start may be penalised for being out of position at the start. Whilst on the Pace Lap only, the Clerk of the Course may decide that the formation is not satisfactory and may abort the start by not extinguishing the gantry lights. The Clerk of the Course will then instruct the Pace Car to do a further lap. If after that lap the Clerk of the Course is still not satisfied, the cars must return to the start line behind the Pace Car which will still have its roof lights on. A decision will then be made as to when to attempt a further re-run of the start. The race duration counts down from the time of the first attempted start. Any aborted starts will therefore reduce race duration.

#### The following Championship/Series will use a Rolling Start:

Roadsports

## Safety Car Intervention (ALL PRACTICE SESSIONS & RACES)

The Clerk of the Course will have the facility for the use of the safety car in ALL practice sessions and races. It is the driver's responsibility to make sure they are fully aware of these regulations. The safety car will access and exit the circuit via the pit lane and safety car boards will be shown from the Start line gantry and other flag points around the circuit.

#### 14 End Of Track Session Procedure

#### 14.1 All Races

At the end of each track session all cars must complete a slowing down lap after taking the chequered flag and leave the circuit as directed by officials via the **Paddock entry road at 'Mountain Bottom'**, returning to Parc Ferme as required.

#### 14.2 Parc Ferme

Parc Ferme for all races will be just before the Scrutineering Bay. Access to parc fermé is restricted to drivers only. Drivers under 18 must be accompanied in parc fermé by the parent or guardian who has signed on for the event.

Parc Fermé conditions apply at all times after taking the chequered flag until cars are released by the scrutineers. No work may be carried out on any vehicle without the permission of a scrutineer or official. Failure to comply with the above, or with the instructions of any official, may result in penalties as per C 2.1.1 being applied.

#### 15 Judges

#### 16 Race Day Information

The organisers will try to run the programme as published, but they reserve the right to delay or bring forward event times to suit the conditions of the day. Printed results will not be available and all results will be posted online at:

https://www.tsl-timing.com/event/242935
