SUSTAIN FUELS

Having celebrated its 50th Anniversary in 2017, Formula Vee is regularly proven to be the most cost-effective route into single-seater racing, especially at its longstanding home with the 750 Motor Club. The engine, gearbox and running gear is sourced from a VW Beetle, meaning that running costs remain low and aftermarket spares availability is unrivalled, whilst Hoosier control tyres and half a century of regulation refinement places the emphasis firmly on driver ability.

Locost racing is one of the UK's most successful forms of club motorsport, with grids regularly exceeding 30 cars year-in, year-out with ultra-close slip-streaming race action. All are built to the same Ron Champion 'Build Your Own Sports Car' book design, using a 1.3-litre Ford engine with control camshaft and modifications limited to a re-bore and basic 'blue-printing'. Affordable Nankang NS-2R control tyres are new for 2026.

RACEPARTS 750 FORMULA

CHAMPIONSHIP

First introduced in 1949 by the 750 Motor Club, 750 Formula is the longest continually running race formula in the world. The regulations provide ample scope for the amateur to design and build their own car from scratch as well as develop skills in chassis and suspension setup. All cars use a mildly tuned and very affordable 1108cc Fiat FIRE engine and run on slick tyres.

GET INVOLVED AT THE SHARP END OF MOTORSPORT

As an active alternative to competing, you could become one of the hundreds of hardy souls who clad themselves in orange overalls each weekend, to carry out the variety of jobs essential to the safe running of an event. It's a serious undertaking and can get you very close to the action at times - writes Peter Harding

Course, Incident, Flag, Post Chief, Pits, Paddock, Assembly, Telephone, Race Rescue Unit etc. - all these basically come under the umbrella of marshaling. However, you don't just come along and do whatever job you fancy on the day; there is a lot more to it than that. Those with no experience start as Trainees and will be placed with experienced marshals at whatever position they are allocated. Training days are available, ranging from fire-fighting, incident handling, use and knowledge of the many flags through to, after years of experience, becoming Examining Post Chief or Specialist.

The 750 Motor Club looks after its Marshals, realising only too well that they are all volunteers and

it has a Sponsorship Scheme to assist new marshals to buy the necessary kit (overalls, wet weather gear etc) or to help with their replacement; this funding uniquely comes directly from the 750 Motor Club competitors by way of donations to our Marshals Fund.

With its many race days the 750 Motor Club has lots to offer to both new and experienced Marshals.

For more information about Marshalling, please contact the Club's Chief Marshal:
Pete Harding – 07802 505588 or
chiefmarshal@750mc.co.uk

The Race Rescue Unit is one of the many Marshaling opportunities available
